## PALM OIL CONSEQUENCES

Palm oil consequences is a story telling game which allows you to make choices (by selecting cards) that affect the palm oil industry in different ways.

The outcomes will be different every time you play.

To be played in groups of 2 or more.

### Game pieces

Game sheets (print one per player)

Palm oil consequences game cards (print one set)

### How to play

#### First Round

On your game sheet you will have prompts to fill in.

Select an **orange card** to help you fill out the first part of your story.

**At the end of each round, pass your game sheet to the player on your left.  
Read the game sheet you have now before playing the next round.**

#### Second Round

On your game sheet you will have prompts to fill in.

Select an **blue card** to help you fill out the next part of your story.

#### Third Round

On your game sheet you will have prompts to fill in.

Select an **green card** to help you fill out the next part of your story.

#### Fourth Round

On your game sheet you will have prompts to fill in.

Select an **blue card** to help you fill out the next part of your story.

#### Fifth Round

On your game sheet you will have prompts to fill in.

Select an **green card** to help you fill out the next part of your story.

#### Finally...

It's 10 years later, time to reflect on what's happened in South East Asia through the game..  
Write a reflective account of what has happened over the years.

## PALM OIL CONSEQUENCES GAME SHEET

You have become aware that oil palm plantations are causing issues in South East Asia.

**You decide to...**

Pick an **orange** card and write what it is here:

**This is a good choice because...**

---

---

---

---

---

---

**This causes problems because...**

---

---

---

---

---

---

**Pass sheet to person on your left**

# LEARN AT CHESTER ZOO

As a result of this...

Pick a *blue* card and write what it is here:

Describe the consequences.

---

---

---

---

---

---

---

Pass sheet to person on your left

This leads to...

Pick a *green* card and write what it is here:

Describe the consequences.

---

---

---

---

---

---

---

Pass sheet to person on your left

Because of this...

Pick a *blue* card and write what it is here:

Describe the consequences.

---

---

---

---

---

---

---

Pass sheet to person on your left

In the end...

Pick a *green* card and write what it is here:

Describe the consequences.

---

---

---

---

---

---

---

Pass sheet to person on your left

It's 10 years later.

What were the consequences of your initial choice?

---

---

---

---

---

Did it cause anything good to happen?

---

---

---

---

---

Did it cause anything bad to happen?

---

---

---

---

---

If you could go back would you make a different choice? Why?
