UK NATIVE SPECIES THREATS GAME

UK wildlife is in trouble. 56% of UK species are in decline. In the UK we have lost 97% of the wildflower meadows we had in the 1930s and hedgehog numbers have fallen from 30 million in 1950 to just 1 million now.

Can you help save a UK native species by getting from the **START** to the **FINISH** before the other players. Play your way to the finish line and find out how you can help UK wildlife along the way.

You'll need

- Dice
- Game board (print one copy for everyone to play together)
- Animal counters (print out and cut out - one per player)
- **Green animal cards**/**Red animal cards** (print out and cut out as individual cards)

How to play

- Pick an animal counter.
- Find the **3 red cards** and **3 green cards** for your animal.
- Place your counter on the word **START**
- Take turns to roll the dice and move your counter along the board.
- If the square says to pick up a card, read the card out to the group and then follow the instructions.
- The first person to land on the word **FINISH** is the winner!
