

WILDLIFE CONNECTIONS SONG LYRICS SO YOU CAN SING ALONG!

VERSE 1

Can you hear the buzz of the honeybee?
There ain't quite as many as there used to be
Can you smell wildflowers on the breeze?
There ain't quite as many as there used to be

CHORUS

So it's time to start making wildlife connections
In the water, in the sky, upon the land
We can do our part to make wildlife connections
When nature needs a helping hand

VERSE 2

Can you see the swift fly o'er the tree?
There ain't quite as many as there used to be
Can you feel the bugs beside your feet?
There ain't quite as many as there used to be

REPEAT CHORUS

BRIDGE

*Build a box for the bats and home for the birds,
Hotel for the bugs and a heap for the worms
Have a hedgehog way and a pond for the frogs
Do all you can to connect the dots*

REPEAT CHORUS

*** INSTRUMENTAL BREAK ***

VERSE 3

Put a hole in the fence and a chink in the wall
Leave a log to climb and a rock to crawl
Let the meadow sway and the river flow
Plant the seeds, and watch them grow
