

## Ideas for birthdays and special Anniversaries

Make a note here on ways you  
can make these more sustainable.  
Think about decorations and wrappings.

## Celebrations – Which events?

List which yearly celebrations you  
want to make more sustainable.  
Now list who you'll need to work  
with? Can you enlist the help of the  
school staff? Will they help you make  
homemade cards and decorations?

# FINAL CHALLENGE "LOVE IT FOR LONGER"

Why not draw lines from the dates to your ideas? These will  
remind you as you go through the year.

## Ideas for sustainable, home-made presents

Don't forget to allow plenty of time  
before the event prepare! Can you  
make any of these to sell at a school  
event? Can you create written  
instructions to share?

## Food and special recipes

Make a note here on ways you can  
make it more sustainable. Can you  
make your own celebration food, e.g.  
homemade mince pies?
