

PALM OIL 'TRUE OR FALSE?' QUIZ CARDS GAME

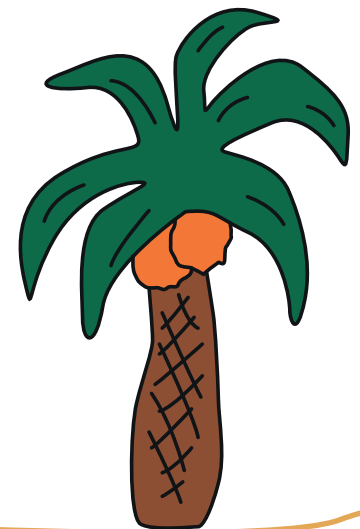

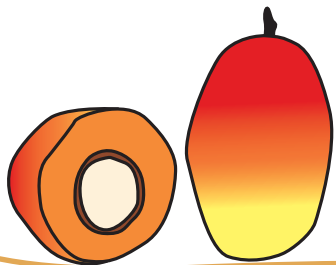

- Palm Oil 'True or False?' Quiz Cards game is for children aged 9 and over.
- The game allows children to read short statements about palm oil and decide if they are 'True or False'?
- It would be helpful if the children are already familiar with palm oil and sustainable palm oil farming before they play this game but is it not essential.
- To be played in groups of 2 or more.

Game pieces

- Quiz card questions (print one set and cut out and divide between the players in the playing group)
- Quiz card answers (print one sheet per playing group)

How to play

- This could be played in various ways; one suggestion is the children share out the quiz question cards fairly between them.
- Next, they read and decide (either alone or in a pair) if the statement on the card is true or false, giving their reason/s why.
- After this they can check whether the statement is correct or not by using the corresponding answer cards.
- If they are correct, they get to keep the card or place it to one side.
- The player/s with the greatest number of correct cards win the game.
