

# LEARN AT CHESTER ZOO

Teacher notes: Print on to paper or card and cut out each card individually. This game is designed to be played in the lesson titled:

## DISCUSSING ISSUES RELATED TO THE LABELLING (OF PRODUCTS)

### LABELLING AND PALM OIL VIEWPOINT CARDS

#### How to Play:

Each card shows how a person reacts to the labelling of a product.

#### Think:

What do you think the labelling issue is for each card?

**For:** 1 to 6 players

LABELLING AND PALM OIL  
VIEWPOINT CARDS

#### CARD 1

This product says it is 'palm oil free'. That must mean that it is not a good thing to be eating products with palm oil!

LABELLING AND PALM OIL  
VIEWPOINT CARDS

#### CARD 2

This product says it contains palm oil. That means that the rainforests are being destroyed and the plants and animals are being affected!

LABELLING AND PALM OIL  
VIEWPOINT CARDS

#### CARD 3

This product says it contains palm oil. Does that mean it is affecting the plants, animals and environment?

LABELLING AND PALM OIL  
VIEWPOINT CARDS

#### CARD 4

The labelling of this product is very confusing and unclear. Is a derivative of palm oil in this product? Should I eat it?

LABELLING AND PALM OIL  
VIEWPOINT CARDS

#### CARD 5

How do I know whether the palm oil in this product has affected the animals, plants and the environment?

LABELLING AND PALM OIL  
VIEWPOINT CARDS

#### CARD 6

I've been told not to eat anything with palm oil in. I can see this contains palm oil – I'm not eating it!

LABELLING AND PALM OIL  
VIEWPOINT CARDS

#### CARD 7

This product does not mention palm oil, so I expect it doesn't! – I think!

LABELLING AND PALM OIL  
VIEWPOINT CARDS

#### CARD 8

How do I know whether the palm oil mentioned is sustainable?

LABELLING AND PALM OIL  
VIEWPOINT CARDS

#### CARD 9

My product has the RSPO label - it is made with certified, sustainable palm oil. Does this mean that the animals and plants are kept as safe as possible?
