African Oil Palm Production – actual change vs. % change

	2010	2018	Change in amount produced	% Change
Cote d'Ivoire	360,000	450,000		
Ghana	120,000	312,530		
Benin	46,000	75,000		
Nigeria	970,820	1,130,000		
D. R. Congo	186,000	293,000		
Burundi	11,418	17,000		
Cameroon	326,940	300,000		

Calculate the change in the amount produced and percentage change between 2010 and 2018

- Which countries, if any, have more than doubled their production in that time?

- Which countries, if any, have reduced their production?

- Using the data in the completed table, rank the countries in terms of Amount of Palm Oil produced in 2010 and 2018 respectively.

Ranking Table (highest to lowest)

Amount in 2010	Amount in 2018
